the history of philosophy is like an epic novel there are revered ancestors who through great suffering establish traditions for the betterment of their descendants there are black sheep of the family who stir up trouble embarrass their brothers and sisters and sometimes even invite the wrath of political and religious authorities there are bitter feuds between families that last generations often with no clear victor ever emerging as the saga passes from one era to another there is some feeling of progress old fashioned ways are discarded and replaced with new although sometimes faddish ones thus the history of philosophy is an adventure of ideas to use the words of one great philosopher this book attempts to describe a major thread of that drama

on tyranny remains a perennial favorite possessing a timelessness that few philosophical or scholarly debates have ever achieved on one hand on tyranny is the first book length work in leo strauss s extended study of xenophon and his restatement retains a vivacity and directness that is sometimes absent in his later works on the other tyranny and wisdom is perhaps the most succinct yet fullest articulation of alexandre kojève s overall political thought and it presents what may be the most uncompromising alternative to strauss s position as a whole this volume contains for the first time a comprehensive and critical examination of the debate from scholars well versed in the thought of strauss kojève hegel heidegger and the end of history thesis of particular interest will be the appendix which offers for the first time kojève s unabridged response to strauss a response previously available only from the fonds kojève at le bibliothèque nationale de france accessible to students and scholars alike this volume works equally well in the classroom and as a resource for more advanced research

answers three urgent questions that all philosophers face how do philosophy and the history of philosophy relate how should philosophers generally approach the history of philosophy and what reasons should philosophers who are not historians of philosophy

study the history of philosophy

a brief history of the philosophy of time is a concise and accessible survey of the history of philosophical and scientific developments in understanding time and our experience of time it discusses prominent ideas about the nature of time plus many subsidiary puzzles about time from the classical period through the present

scientific history of philosophy was one of the professional branches of soviet philosophy and a place where philosophical culture was preserved in an often hostile environment situated between the ideological exigencies of the soviet system with its marxist leninist theoretical foundation and the need for an objective account of philosophy s past soviet history of philosophy displays the characteristic features of soviet philosophy as a whole including a forceful reappearance of its hegelian background this book is the only western monograph on this important part of soviet philosophy thus filling the last main gap in western philosophical sovietology at the same time it offers the first survey of soviet philosophy after the disappearance of the soviet system itself embarking on an historical and meta philosophical investigation of soviet philosophical culture the book will be of interest to students of soviet and russian philosophy historians of philosophy and specialists in soviet studies

alan sell here presents a selection of his wide ranging informative and entertaining reviews among philosophical themes discussed are locke and the enlightenment richard price john stuart mill philosophical idealism and analytical philosophy of education and of religion historical studies run from the middle ages onwards and encompass english welsh and scottish nonconformity the evangelical revival the oxford movement theological education american reformed thinkers the crisis of belief and the social gospel in canada and evangelical and liberal theology theological topics include origen calvin and dutch reformed thinkers american baptists mercersburg theology scottish theology liberation theology assurance the atonement ecclesiology ecumenism art and theology christian ethics worship and spirituality

richard popkin has assembled 63 leading scholars to forge a chronological account of the development of western philosophical traditions from plato to wittgenstein and from aquinas to heidegger this volume provides lively in depth and up to date historical analyses of all the key figures schools and movements of western philosophy each chapter includes an introductory essay and popkin provides notes that draw connections among the separate articles the rich bibliographic information and the indexes of names and terms make the volume a invaluable resource

this book addresses a wide range of philosophical problems about history and the semantics of time this book will not only appeal to philosophers and historians but to students and scholars across the humanities

a collection of essays which covers every major problem area of contemporary philosophy

georg wilhelm friedrich hegel s the philosophy of history contains an edited series of lectures delivered by hegel a noted german philosopher and a key figure in german idealism whose words and theories are studied to this day the essays contained in this book provide a history of the world as viewed through a hegelian perspective hegel attempts to trace the history of consciousness through studying some of the world s great societies the philosopher argues that history is constructed with reason as the guiding principle this book selects a number of different societies and explores their history in depth china india persia greece rome and germany are all examined within this work while world history is the subject matter of this book many readers approach this book with the intention of learning more about hegel s philosophy indeed much of the book is spent explaining hegel s concept of geist or spirit hegel believes history can be interpreted as a manifestation of the human spirit and it is through this lens that the philosophy of history operates this series of essays serves as some of hegel s most accessible work and is thus a valid entry point for students of german idealism and the author s philosophy as a whole the book can still be quite challenging at times and readers may want to familiarize themselves with hegel s terminology before endeavoring to read this nearly 500 page work the philosophy of history stands up as one of the best

introductions to german idealism and is thus recommended to all students and scholars of philosophy about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

excerpt from history of philosophy the history of philosophy is the exposition of philosophical opinions and of systems and schools of philosophy it includes the study of the lives of philosophers the inquiry into the mutual connection of schools and systems of thought and the attempt to trace the course of philosophical progress or retrogression about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
